MODELING PORTFOLIO

Introduction

From a young age, I have always been passionate about fashion and the way it tells stories through style, poses, and light. Since my start in modeling, this passion has only grown stronger. This portfolio highlights my experiences in this creative world, where each project is an opportunity to collaborate with talented professionals and explore the various facets of visual expression. I hope these images give you insight into my world and my development in this captivating field. I would be thrilled at the prospect of collaborating with you in the future.

About Me!

My name is Lilou Vallado. I am 18 years old and originally from South Korea, currently living in Luxembourg. As a marketing student, I aim to become a professional model. I speak French, Luxembourgish, German, and English fluently, which allows me to adapt easily to various international environments. Passionate about fashion and sports, I play volleyball, a sport that reflects my discipline and team spirit. Respectful, punctual, and caring, I aspire to collaborate with international brands and leave my mark in the world of modeling.
